Kevin,  
The team did see it. The OPP is on it. It is refueling at the airport. The owner is Great Lakes Helicopter Corp. Timing, flight path and altitude will tell the story. Is your team confirming whether there is a violation?

I have heard nothing on any helicopters – have you checked in with Mark Flynn and RCMP?

Guys- I saw a tweet (link below) showing a chopper flying very close to the hill. Have either of you received more information about that? We are following up with NavCan to determine whether it is in violation of our NOTAM or not, but anything you may have / or heard would be appreciated.

Thanks

Kevin
